PRESS RELEASE

SANDAUN GOVERNOR FOR CARBON TRADE DEVELOPMENT IN SANDAUN PROVINCE, PAPUA NEW GUINEA

I, Hon. Simon Solo Governor for Sandaun invite this company "Nupan (PNG) Trading Corporation Ltd" for Developer – Roberts Kirk William to immediately develop a Carbon Trade Project for Aitape/Lumi Consolidated Forest to commercialize it under Voluntary Credits through REDD Program.

The Office of the Governor, known as Sandaun Provincial Government will coordinate the project and work in close consultation with the Executives and/or Directors of Parent Company and the Chairmans of the respective Landowner Companies, the Developer and other Agencies to off load the project under the Carbon Trade arrangements.

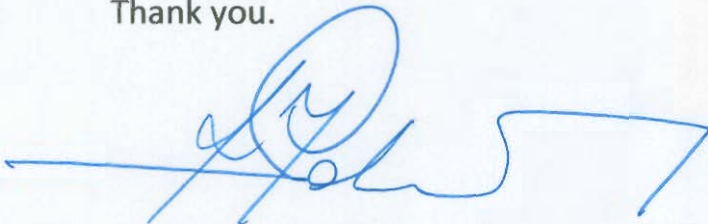

The Four respective projects areas has 843 ILG's within Aitape/Lumi and Yangkok areas of Sandaun Province covering a total of 2,893,420 hectares of virgin forest to be developed under these arrangements.

I now officially invite you to travel to Sandaun Province to execute an MOA undertaking with the landowners through the four (4) landowner companies for the PNI&PDD Documentation. My office also looks forward in working together with you for speedy development for the Carbon Credit commercialization and registration.

You have my full backing and guarantee that I will certify the project prior to completion of all processes to ensure development is fully anticipated for my people in Aitape/Lumi, Yangkok and Sandaun Province as I believe this is the best option to achieve best development for my people.

Finally I've taken this approach to fulfill the request of my fifty thousand (50,000) plus people in the Aitape Lumi and Yangkok project areas and additionally in other parts of Sandaun Province and also in support of the Honorable Prime Minister of Papua New Guinea the Rt. Honorable Sir Michael T. Somare, GCL, GCMG, CH, CF, KSt J, MP on his initiative on the world wide climate change issue, in forest preservation and sustainability to cater for Carbon emission reduction.

Thank you.
