*Dear Mr. Tepi,*

**SUBJECT: PACIFIC CARBON TRADING INTEREST TO PARTICIPATE IN  
CARBON MARKET**

Thank you for your telephone call with me at 10:00am Friday morning 18<sup>th</sup> September, 2009 regarding your interest to participate in Carbon Trade for East Pangia.

As discussed, Compliance Market depends on the Copenhagen (Denmark) negotiations in December this year and hope issues will be sorted before the REDD projects in 2012.

As for Voluntarily Market, we have no control over this venture because OCCES has no legislation or law to cover voluntarily market on customarily land.

Consent to participate in voluntarily market on customarily land can be arranged or agreed upon between resource owners and developers in the meantime.

It is the resource owners or ILGs who grant permission to the chairman or some one of their nominee to act on their behalf to consult a developer.

Thank you and I look forward to working with you and the East Pangia resource owners.

*Yours sincerely,*
